Year Four Copeton Dam Excursion

Last week Year Four went to Copeton Dam to stay the night. Once we arrived we set up our beds and went for a walk. We split up into two groups. Some went fishing and the others cooked damper and made bark huts. Then we got free time while the teachers cooked dinner. After dinner we had night time activities. The next day we packed up and went for a nature walk. After that we went to the Splash Pool. Copeton Dam was fun!

**Sport and Recreation's Swim and Survive starting soon**

Australian summers usually involve plenty of fun in and around the water, but no parent can forget how important it is to make sure children stay safe. Sport and Recreation's Swim and Survive classes for preschoolers and school-aged children help youngsters learn important ways to be safe and enjoy our pools, rivers, beaches and lakes.

The intensive nine-day programs give wonderful results, and are great fun as well. Plus, family discounts make our program affordable for all the children in the family.

Sport and Recreation runs Swim and Survive classes in pools throughout regional NSW, including somewhere near you. Our instructors are nationally qualified and screened for their suitability to work with children.

Prices for nine lessons are $67 for school-aged children and $48 for preschoolers (prices exclude pool entry fee).
