Term One has seen the successful introduction of some incredibly engaging and worthwhile learning initiatives, that are sure to benefit our students for a long time to come. Year Six’s involvement in the transition to high school program in partnership with Macintyre High School has been very well received and students can look forward to this continuing next term, with some new and innovative lessons. Year 3 have been enthusiastically participating in the Stephanie Alexander Kitchen Garden program and I’ve been fortunate to have tasted some of their fresh and healthy creations. Hopefully some of you will get to taste these through the holidays as well. Stage One students have been benefiting from the training of staff in both Targeting Early Numeracy strategies and L3 Literacy program. The hands on activities are being enjoyed by all students who are showing great benefits of these in their learning. Our first day back is going to be a staff development day which will see staff participating in training that explores Emotional Intelligence, Supporting Students Learning and the Mathematics Curriculum. I wish everyone a happy and safe holiday and look forward to seeing you in Term 2 on Tuesday, April 22.
